Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner agreed to look into the reasons for allowance of commonly owned USPAT 6,292,439. Examiner agrees to reconsider rejections in view of proposed amendment claim language, and to give particular attention to claims 1, 17, and 18. Examiner has not considered Applicant's claims of near 100% light utilization and will give particular attention to that if such language is included in forthcoming amended claims. Examiner agrees to compare and contrast dichroic as opposed to color polarizing films. Examiner suggested counter arguments to an obviousness rejection may include 1) unexpected results and/or 2) components have remained unassembled (not combined) for many years. Examiner agrees to preview draft claim language in an effort to expedite prosecution .
